

Statement of Deficiencies

1711.A.&B.&D.&G.: Child to Staff Ratio

Not Met

1711.A.&B.&D.&G.: A. Child to staff ratios are established to ensure the safety of all children.

B. Minimum child to staff ratios shall be met at all times.

1. There shall be a minimum of two staff members present at an early learning center when more than one child is present.
 2. Only those staff members directly providing care, supervision or guidance to children shall be counted in the child to staff ratios.
- D. Minimum Child to Staff Ratios for Type II and Type III centers:

Ages of Children		Ratio
Infants under 1 year		5:1
1 year	7:1	
2 years	11:1	
3 years	13:1	
4 years	15:1	
5 years	19:1	
6 years and up	23:1	

G. Mixed Age Groups - Minimum Child to Staff Ratios

1. An average of the child to staff ratios may be applied to mixed age groups of children ages 2, 3, 4 and 5
2. Child to staff ratios for children under age two are excluded from averaging.
3. When a mixed age group includes children younger than age two, the age of the youngest child determines the child to staff ratio for the group.
4. An average may be applied to a mixed age group consisting only of children ages 5 and older.

Finding:

1711.D: Based on observation on 01/03/19, the Provider failed to meet the required child to staff ratio for children of the following ages: 6 children were with 1 staff person. The required ratio for children of this age is 5 infants per 1 staff person. The infants age range was from 4 months to 1 year of age. S5 stated that C1 was in the infant room so that she can be rocked to sleep in the rocker.

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723.A. Based on record review on 01/03/19, 1723.C. Based on record review on 01/03/19, the provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in CPR through training approved by the department. 2 of 6 staff had documentation of this certification.

1723.C.: Pediatric First Aid

Not Met

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

Finding:

1723.C. Based on record review on 01/03/19, the provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid through training approved by the department. 2 of 6 staff had documentation of this certification.
