1713-A&B&C:

A: Children shall be supervised at all times in the center, on the playground, on field trips, on non-vehicular excursions, and during all water activities and water play activities.

B: Children shall not be left alone in any room, (except the restroom as indicated in Subsection G), outdoors, or in vehicles, even momentarily, without staff present.

C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

Finding:

1713-A&B Based on observations: Children were not under supervision at all times as when Specialist arrived at the center, Specialist observed 4 staff members (S1-S4) in the hallway assembling a plastic toy. Specialist walked into classroom #1 to find (5) 2-3 year olds unattended in the classroom. S1 followed Specialist into the classroom from the hallway and Specialist asked if she was the teacher for this room. S1 replied that she was and at this time S2 came out of the restroom area alone. Specialist asked if she was a teacher in the room as well and S2 replied that she was. Neither S1 nor S2 were in the classroom with the children at the time when Specialist arrived. S2 came out of the restroom area (attached to another classroom) alone, as all 5 children were seated at the table.
