

Statement of Deficiencies

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: Infant and child CPR

Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

Adult CPR

Centers shall have at least one staff member on the premises and accessible to children trained in Adult CPR if there is a child eight years or older on the premises.

Finding:

1723-A.&B: Based on record review: The center failed to have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, had current certification in infant and child CPR on 1/8/18. 2 of 8 staff had documentation of this certification. S1 and S8 had the certification.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.: C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review: After July 1, 2016 - The Center failed to have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, had current certification in Pediatric First Aid on 1/8/18. 2 of 8 staff had documentation of this certification. S1 and S8 had the certification.
