Finding:

1713-E&F: Supervision Participation: Based on interview(s): While supervising a group of (13) children, childcare staff (S19 and S27) did not devote their time to supervision of the children, meeting the needs of the children, and in participation with the children in their activities; S19 and S27 had a classroom of 13 children (ages 3-5 y/o) lined up to go to the lunch room in the office area of building #1 of the center. S19 and S27's classroom traveled from the office area of the building to the lunch room's hand washing station with 12 of the 13 children. C1 was left in the office area and began talking to S26. S26 realized that C1's classroom had left the area. S26 took C1 to S1 to inform her that C1 needed to be returned to his classroom. The center staff S19 and S27 failed to provide supervision participation to C1 on 3/17/17 by leaving him in the office area with S26 and S2.
