

Statement of Deficiencies

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723.C. Based on record review/observation 11:46 am, S1 failed to have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, had current certification in Pediatric First Aid through training approved by the department. 3 of 8 staff present had documentation of this certification. S1 was informed on 1/14/2021 that she could have staff complete the certifications on-line.

2nd-Corrective Action Plan: Effective 01/14/2021, S1 plans to have all staff, who do not currently have the certification, complete training by 1/31/2021 to ensure that this deficiency is not recited.

1723.C.: Pediatric First Aid

Not Met

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

Finding:
