

## ***Statement of Deficiencies***

### **1509.A.9.: Electronic Devices Policy**

**Not Met**

1509.A.9.: Electronic Devices Policy that provides that all activities involving electronic devices, including but not limited to television, movies, games, videos, computers and hand held electronic devices, shall adhere to the following limitations:

- a. electronic device activities for children under age two are prohibited; and
- b. time allowed for electronic device activities for children ages two and above shall not exceed two hours per day, with the exception that television, DVD, or video viewing shall be limited to no more than one hour per day;

#### **Finding:**

1509.A.9. Based on Specialist's observations at 10:00am, S1 did not follow the Electronic Devices Policy as Electronic Devices were used by children under age 2. Upon Specialist's arrival to the center, a television was on in a room with four infants and two 1-year olds. Staff turned off the television prior to Specialist entering the room. This was discussed at a previous visit.

Corrective Action Plan: S1 stated that she will ensure that TV's aren't on in rooms with children under 2, and that if they're being used for music purposes the screen will be covered.
