**Not Met**

309.A.17: The provider has appropriate emergency phone numbers, such as fire and police, hospitals and Louisiana Poison Control, and the physical address and phone number for the residence in which care is provided posted in a prominent, easily visible location, and has a written emergency plan that protects children in the event of fire, flood, storm, hurricane, tornado, and snow and ice.

#### **Finding:**

309.A.17 Based on record review/interview(s): The provider does not have a written emergency plan that protects children in the event of fire, flood, storm, hurricane, tornado, and snow and ice. S1 provided the Specialist with an Emergency Preparedness plan that only showed a map of the home and evacuation routes. S1 stated that she was not aware of the need to have a full plan; however, she will create a plan for review.
