

Statement of Deficiencies

7321-L: Illnesses and Unusual Behavior

Not Met

7321-L: Documentation of illnesses and/or unusual behavior shall be maintained. Documentation shall include child's name, type/description of illness or unusual behavior, date and time of onset and actions taken, time of parental notification and signature of person notifying the parent. The parent or designated person shall be notified immediately in the following situations:

- allergic reaction;
- skin changes e.g. rash, spots, swelling, etc.;
- unusual breathing;
- dehydration;
- any temperature reading over 101 oral, 102 rectal, or 100 axillary; or
- any illness requiring professional medical attention.

Finding:

7321-L Based on record review, the provider did not have documentation of immediate notification to the parent or designated person when the following situation(s) occurred to a child: temperature over 100 auxiliary, 101 oral, 102 rectal. A review of incident reports for the months of January 2015 and December 2014 indicated that parents were not immediately notified on the following instances:

- On 12/08/2014 at 2:30 PM, C14's temperature was taken and recorded at 101.3. The provider did not notify the parents until 2:50 PM after C14's temperature was taken again and it was recorded at 102.7.
 - On 12/23/14 at 2:25 PM, C15's temperature was taken and recorded at 102.7. The provider did not notify the parents until 3:00 PM.
 - On 1/16/15 at 2:00 PM, C16's temperature was taken and recorded at 101.4. The provider did not notify the parents until 2:24 PM after C16's temperature was taken again and it was recorded at 102.3.
 - On 1/16/15 at 10:29 AM, C17's temperature was taken and recorded at 101.4. The provider did not notify the parents until 11:30 AM after C17's temperature was taken again and it was recorded at 102.
