

Statement of Deficiencies

1501.A.: Operations

Not Met

1501.A.: A center shall operate within the licensed capacity, age range, hours of operation and other specific services designated on its license.

Finding:

1501-A Based on observations/record review/interview(s): Provider failed to operate within her licensed capacity as on 1/23/2019, Specialist arrived to the center at 12pm and observed 27 children present in building 3; however, building 3 is only licensed to provide care for 25 children. S1 stated that she was unaware that the capacity was only 25 and stated that she thought the square footage was enough for the 27 children. S1 stated that they had recently started using that building and was unaware that she had to get measurements. S1 contacted consultant while specialist was present and was advised to go in CAFE and request measurements for building 3.
