

Statement of Deficiencies

1725-A.-D.: Medication Management Training

Not Met

- 1725-A.-D.: A. All staff members who administer medication shall have medication administration training.
B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.
C. Such training shall be completed every two years with an approved Child Care Health Consultant.
D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-B-C: Based on record review:

Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration. Such training shall be completed every two years with an approved Child Care Health Consultant. The Specialist observed that only S1 had documentation of current medication administration training on file. S2 had an expired medication administration training certificate; training is required every two years and S2's training expired 7/25/17.
