

## Statement of Deficiencies

### 1723.A.&B.: CPR Certification

**Not Met**

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

#### Finding:

1723-A.&B.: Based on record review/interview(s): The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. No staff present in the center had current certification. S1's CPR expired 9/18. S1 stated that she had a class scheduled for the first week in January, but the instructor rescheduled it to 1/26/18. The provider is being re-cited for CPR.
