#### 1509-A.8. a-b: Behavior Management Policy

Each center shall develop and implement a written behavior management policy describing the methods of behavior guidance and management that shall be used at the center.

The behavior management policy shall prohibit children from being subject to any of the following:

- i. physical or corporal punishment which includes but is not limited to yelling, slapping, spanking, yanking, shaking, pinching, exposure to extreme temperatures or other measures producing physical pain, putting anything in the mouth of a child, requiring a child to exercise, or placing a child in an uncomfortable position.
- ii. verbal abuse, which includes but is not limited to using offensive or profane language, telling a child to "shut up", or making derogatory remarks about children or family members of children in the presence of children;
- iii. the threat of a prohibited action even if there is no intent to follow through with the threat;
- iv. being disciplined by another child;
- v. being bullied by another child;
- vi. being deprived of food or beverages;
- vii. being restrained by devices such as high chairs or feeding tables for disciplinary purposes; and
- viii. having active play time withheld for disciplinary purposes, except timeout may be used during active play time for an infraction incurred during the playtime.

#### Finding:

1509-A.8. a-b Based on interview(s): Provider used a prohibited method of discipline as a child was (C1) was restrained by devices such as booster seat for disciplinary purpose. S10 stated C1 was placed in a floor level booster seat to prevent him from physically injuring any other child or staff member.

### 1915-B.&C: Health Services - Parental Notification

Not Met

#### 1915-B.&C:

B. Reporting. Incidents, injuries, accidents, illnesses, and unusual behavior shall be documented and reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence.

C. Immediate Notification. The parent shall be immediately notified in the following circumstances:

1. blood not contained in an adhesive strip;
2. head or neck or eye injury;
3. human bite that breaks the skin;
4. animal bite;
5. impaled object;
6. broken or dislodged teeth;
7. allergic reaction skin changes (e.g. rash, spots, swelling, etc.);
8. unusual breathing;
9. symptoms of dehydration;
10. temperature reading over 101° oral, 102° rectal, or 100° axillary; or
11. injury or illness requiring professional medical attention.

#### Finding:

1915-B.&C. Based on record review: The Provider's documentation of incidents, injuries, accidents, illnesses, and unusual behavior did not have documentation that it was reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence. The center staff (S1 and S9) kept a log of C1's unusual behaviors. The parents of C1 did not always sign or initial the log acknowledging C1's unusual behaviors. A specific report was not done indicating a time for each individual behavioral incident involving C1.
