

## **Statement of Deficiencies**

### **1725-A.-E.: Medication Management Training**

**Not Met**

1725-A.-E.:

- A. Beginning July 1, 2016 - All staff members who administer medication shall have medication administration training.
- B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.
- C. Such training shall be completed every two years with an approved Child Care Health Consultant.
- D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

#### **Finding:**

1725-A.-E. Based on record review:

After July 1, 2016, the provider did not have at least two staff members trained in medication administration whether the early learning center administers medication or not. The Director has contacted a trainer to schedule this training. The trainer has advised the earliest she can do the training is May 2, 2017. The Director is trying to schedule a class sooner than May. The Center does not administer medication.
