

## ***Statement of Deficiencies***

### **1903.E.5.: Outdoor - Enclosed**

**Not Met**

1903.E.5.: Outdoor play space shall be enclosed with a permanent fence or other permanent barrier in a manner that protects children from traffic hazards, prevents children from leaving the premises without proper supervision, and prevents contact with animals or unauthorized persons.

#### **Finding:**

1903.E.5. Based on observations/interview(s): Outdoor play space lacked enclosure with a permanent fence or other permanent barrier in a manner that protects children from traffic hazards, prevents children from leaving the premises without proper supervision, and prevents contact with animals or unauthorized persons.

- Specialist observed a section of the chain-linked fence missing, causing the outdoor play area to not be enclosed.

Corrective Action: S1 stated the landlord of the building is supposed to replace/repair it "soon". S1 also stated the children will not go in the outdoor play area until the repair is completed.
