

## Statement of Deficiencies

### 1717-A: Independent Contractors Records

Not Met

1717-A: Independent Contractors. The following information shall be maintained for all independent contractors, including but not limited to therapeutic professionals, extracurricular personnel, contracted transportation drivers, Department of Education, Office of Early Childhood staff and local school district staff:

1. an information form that includes the person's name, address and phone number
2. a list of duties performed while present at the center; and
3. documentation of a fingerprint based satisfactory criminal background check dated prior to the individual being present at the center or documentation of the paid, adult staff member not otherwise counted in child to staff ratios that accompanied the contractor at all times while the contractor was on the center premises, to include the date, contractor arrival and departure time, language stating that the contractor was accompanied by the staff member at all times while on the premises, and the signature of both the contractor and the accompanying staff member.

#### Finding:

1717-A Based on record review: Provider did not have documentation of fingerprint based satisfactory criminal background check dated prior to the individual being present at the center for independent contractor O1. O1's right to review dated 10/31/2016 expired on 10/31/2017. Center sign in log verify O1 was on the premises on 2/5/2018 from 9:00 am to 10:50 am.

### 1915-B.&C: Health Services - Parental Notification

Not Met

1915-B.&C:

B. Reporting. Incidents, injuries, accidents, illnesses, and unusual behavior shall be documented and reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence.

C. Immediate Notification. The parent shall be immediately notified in the following circumstances:

1. blood not contained in an adhesive strip;
2. head or neck or eye injury;
3. human bite that breaks the skin;
4. animal bite;
5. impaled object;
6. broken or dislodged teeth;
7. allergic reaction skin changes (e.g. rash, spots, swelling, etc.);
8. unusual breathing;
9. symptoms of dehydration;
10. temperature reading over 101° oral, 102° rectal, or 100° axillary; or
11. injury or illness requiring professional medical attention.

#### Finding:

1915- B. The Provider did not have documentation of immediate notification to the parent when the following occurred to a child: Incident occurred involving C6, at 10:10 am on 10/17/2017, where C6 hit her mouth as she climbed stairs to get on a slide. The center failed to document the time and name of parent notified; nor was a parent signature obtained when C6 was released..

### 1921-A: Emergency Preparedness and Evacuation Planning

Not Met

1921-A: Emergency and Evacuation Plan. The director shall consult with appropriate state and local authorities and shall establish and follow a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that at a minimum shall:

1. address any potential disaster related to the area in which the center is located;
2. include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care;
3. include specific procedures for handling infants through two year olds;
4. include specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs;
5. include a system to account for all children;
6. include a system, and a back-up system, for contacting parents and authorized third party release caretakers;
7. include a system to reunite children and parents following an emergency;
8. include procedures for providing information about the emergency plan to parents at the time of enrollment and when changes occur;
9. be reviewed annually for accuracy and updated as changes occur; and
10. be reviewed with all staff at least once per year.
11. practice drills shall be conducted at least twice per year to include all children and shall be documented.

#### Finding:

## ***Statement of Deficiencies***

1921-A Based on record review: Provider did not have a written emergency preparedness and evacuation plan to include the following: specific procedures for handling infants through two year olds; a system to account for all children and a system to reunite children and parents following an emergency. The provider did not have written documentation to verify practice drills were performed at least twice per year to include all children.
