C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

Finding:

1713-A Based on Observations: Children were not under supervision at all times as Specialist observed during nap time, that S2 was sitting in a chair in the doorway between the 1-2 year old room and the 2-4 year old room. There was a teacher, S1, in the 2-4 year old room at the time and S2 was sitting in a chair in between the adjoined rooms, more into the 2-4 year old room than the 1-2 year old room, talking with S1. S2 was positioned to where she could not see all children napping in the 1-2 year old room, where she was the teacher at the time. Specialist observed 2 children to the left of the doorway and 4 children to the right of the doorway in the 1-2 year old room. The way S2 was sitting, she had her back to the 2 children on the left side of the doorway. S2 failed to supervise all the children in the 1-2 year old room during this time. When questioned, Specialist was told that S2 was responsible for watching the 1-2 year old class only.
