

Statement of Deficiencies

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723-A.&B. Based on record review: S1 did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR through training approved by the department. 1 of 4 staff had documentation of this certification upon Specialist's arrival at 9:30 a.m.

Corrective Action Plan: S1 stated additional staff will be trained in CPR by 2/28/2020.
