

Statement of Deficiencies

2101.A.9.: Vehicle - Safety Inspection

Not Met

2101.A.9.: Each vehicle shall have evidence of a current safety inspection.

Finding:

2101.A.9. Based on observations at 2:35pm S1 failed to ensure that each vehicle had a current safety inspection as evidenced by the Ford 350 van had an expired inspection sticker dated 10/19. S1 reports this vehicle only serves as a back up means of transportation.

Corrective Action Plan: S1 stated she will take vehicle to obtain a new inspection sticker on 2/19/2020 and will set a reminder on calendar to ensure this is always done timely in the future.
