

Statement of Deficiencies

1919.H.: Infants Held While Bottle Fed

Not Met

1919.H.: Infants that cannot hold a bottle shall be held while being bottle-fed. A child shall not be placed lying down on a mat or otherwise with a bottle, sippy cup, etc. A bottle shall not be propped at any time.

Finding:

1919.H. Based on observations at 12:05pm in classroom #1, Specialist observed C1, age 1 year, placed in a crib lying down while taking a sippy cup. At 12:11pm in classroom #3, Specialist observed C2, age 6 months, taking a bottle while lying in a glider swing. Specialist informed S1 that no child can be placed on their back while taking a bottle, sippy cup, etc. Corrected during visit.

Corrective Action Plan: Effective 2/24/2021, S1 will send an email to all staff referencing this regulation and explaining to staff that this is prohibited to ensure the center is not cited again.
