Not Met

Finding:

1901-G.&GH: Based on observations and interview: All center equipment used by children was not maintained in good repair as Specialist observed the restroom in classroom # 8 was missing the back cover of the toilet. Specialist observed that cardboard and tape have been placed over the back of the toilet so that the water and internal mechanisms are no longer accessible. S25 stated that the center is still in the process of trying to find a cover that will match the toilet.
