

Statement of Deficiencies

1911.A.: Care of Children - Diapers

Not Met

1911.A.: Diapers shall be changed when wet or soiled.

Finding:

1911.A. Based on interview(s) conducted on 3/4/2021, S1 failed to ensure that children's diapers were changed when they were wet on 2/26/2021, as C1 and C2, age 2, went home with wet diapers, after having only been changed once from 8:22am to 2:51pm. S1, director, stated O1, C1 and C2's mother, was informed multiple times that the children needed more diapers and failed to provide them. At pickup, S1 informed O1 that due to lack of diapers, C1 and C2 had not been changed and were wet.

Corrective Action Plan: Effective 3/4/21, S1 stated she will hold a staff meeting by the end of the week to cover the center policies. The parent handbook will be updated to specify that parents are responsible for providing diapers for children, as it is not the center's responsibility, and parents will be made to sign stating they have read and understand all policies included in the handbook. Additionally, if children run out of diapers, they will not be allowed to be dropped off; if children run out of diapers during the day and parents cannot be reached to provide diapers, S1 will contact those listed on the child's master-card for the child to be picked up.
