

## ***Statement of Deficiencies***

### **1903-C: Free of Hazards**

**Not Met**

1903-C: Indoor and outdoor areas shall be free of hazards.

#### **Finding:**

1903-C Based on observation the center playground was not free of hazards on 3/5/18. Specialist observed 2 metal squares sticking up out the ground behind the sound for play toy. The metal poses a tripping hazard. Specialist also noted 2 holes near the gate entrance on the playground that appeared to be metal poles that were cut. The metal sticking out of the ground near the gate were observed to be jagged and posed a hazard if a child fell onto those areas.
