#### **Finding:**

1713-A&B&C: Supervision: On 3/9/18 based on Specialist observation and staff interview children were not under supervision at all times. C1 was observed laying on the floor in front of S5's desk with his mat and blanket in the foyer/office space. C1 was alone in the foyer/office space alone approximately 1-3 minutes. Specialist and S5 re-entered the foyer/office space of the center during the walk through after observing the 1 y/o class which sits off the side of the foyer/office space. S4, C1's teacher, states that she sent C1 out of her classroom due to his 15 minute continued disruption during nap time. S4 states that she failed to contact S5 to ensure that she was at her desk. S4 states that she monitored C1 as he walked to the foyer/office space of the center but did not know that S5 was not at her desk to receive him.
