The bottle of bleach was located on a shelf next to the changing table, and the bottle spilled on C1 (1 year old). S1 stated that she met with all staff members on 2/7/2020 and discussed the importance of chemicals being locked away at all times.

Corrective Action Plan: S1 stated that all cleaning supplies will no longer be used in the classroom while children are still present. All chemicals will be securely locked away, inaccessible to the children at all times.
