Finding:

1509-A.8. a-b (i) Based on observation of video recording: Center staff did not adhere to the methods of behavior guidance and management that shall be used at the center to prohibit children from being placed in an uncomfortable position. As evidence on Monday 2/19/2018 at 9:56.05 am, As C1 was holding on to S4's right arm, S4 was observed forcefully swinging her right arm to remove C1 in an attempt to get him to sit down, which caused him to hit his chin on a shelf located in the classroom.
