

## Statement of Deficiencies

### 1723-A.&B.: CPR Certification

**Not Met**

1723-A.&B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

#### Finding:

1723-A. & B: Based on observation/record review:

The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 2 of the 5 staff present had documentation of this certification. 2 of the 6 total staff had documentation of this certification.

### 1723-C.-D.: Pediatric First Aid

**Not Met**

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

#### Finding:

1723-C.-D. Based on observations/record review:

The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in pediatric first aid. CPR. 2 of the 5 staff present had documentation of this certification. 2 of the 6 total staff had documentation of this certification.
