1711-H: Rest Time - Minimum Child to Staff Ratios

1. Sufficient staffing needed to satisfy child to staff ratios shall be present on the premises during rest time and available to assist as needed.
2. Children ages one and older may be grouped together at rest time with one staff member in each room supervising the resting children. If two rooms share a common doorway, one staff member may supervise the resting children in both rooms.
3. If the view of the staff supervising the children is obstructed by an object such as a low shelving unit, children shall be checked by sight by staff circulating among the resting children.

Finding:

1711-H Based on observations: The center's 4-5yr old classroom did not have the required staffing present in the building during rest time to satisfy child/staff ratio as evidenced by specialist during licensing inspection walk through on 03/26/2018. Specialist observed 22 children age 4-5yr old present with 1 staff. Director stated that the other staff had left to go to lunch and was not on the premises. Class was out of ratio from 12:30pm-1:00pm, when staff came in and Director moved staff into that classroom.
