

Statement of Deficiencies

309.A.17.: Emergency Preparedness Disaster Plan

Not Met

309.A.17.: 17. Emergency Preparedness Disaster Plan. Develop, practice and train on, and follow, a written emergency preparedness disaster plan that includes at a minimum:

- a. procedures for evacuation, relocation, shelter-in-place, lock-down, communication and reunification with families, continuity of operations, accommodation of infants and toddlers, children with disabilities, and children with chronic medical conditions;
- b. procedures for all adults living in, or working in the residence where care is provided, or working on the property where care is provided; and
- c. appropriate emergency phone numbers, such as fire and police, hospitals and Louisiana Poison Control, and the physical address and phone number for the residence in which care is provided posted in a prominent, easily visible location.

Finding:

309.A.17. Based on record review on 04/03/2019, S1 failed to have a written emergency preparedness disaster plan to include at a minimum procedures for evacuation, relocation, shelter-in-place, lock-down, communication and reunification with families, continuity of operations, accommodation of infants and toddlers, children with disabilities, and children with chronic medical conditions and procedures for all adults living in, or working in the residence where care is provided, or working on the property where care is provided as evidenced by S1's emergency plan only included procedures for evacuating in case of fire. This was not corrected prior to specialist departure.
