

Statement of Deficiencies

1507-A: Daily Attendance Records - Children

Not Met

1507-A: A daily attendance record for children shall be maintained that shall:

1. include the child's first and last name, arrival and departure times, and first and last name of person or entity to whom the child is released;
2. accurately reflect children on the center premises at any given time; and
3. be used to sign in and out if a child leaves and returns to the center during the day.

Finding:

1507-A Based on record review: The daily attendance log for children did not include the time of departure of each child and the full name of the person to whom the child was released.

1917-A: Medication Authorization

Not Met

1917-A: Written Authorization. No medication or special medical procedure shall be administered to a child unless authorized in writing by the parent. Such authorization shall include:

1. name of child;
2. drug name and strength;
3. date(s) to be administered;
4. directions for use, including the route (oral, topical), dosage, frequency, time and schedule and special instructions, if any. It is not acceptable to note "as indicated on bottle"; and
5. signature of parent and date of signature.

Finding:

1917-A Based on record review: The written authorization from the parent to administer Albuterol to C1 was incomplete as it lacked the following information: Dates to be administered, directions for use route oral, topical, dosage, frequency, time and schedule to be administered and special instructions. C1's medication authorization form was incomplete and failed to be followed by center staff.

1917-B: Medication Authorization - Required Container/Packaging

Not Met

1917-B: Required Container/Packaging

1. For prescription medication to be administered at the center, the center shall maintain the original pharmacy container with the complete pharmacy label.
2. For non-prescription medication to be administered, the center shall maintain the original bottle packing for the medicine or a printed document from the manufacturer's website, which shall include the drug name and strength and clear directions for use.

Finding:

1917-B Based on observations: The prescription medication to be administered at the center was not in the original pharmacy container with the complete pharmacy label it lacked the following: C1's Albuterol was in its original container but failed to include the original pharmacy label.
