

Statement of Deficiencies

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723.A. Based on record review at 1:13pm, S1 failed to have documentation that at least fifty percent (50%) of all staff, or at least four staff on the premises and accessible to children, have current certification in infant and child CPR through training approved by the department. 0 of 2 staff present, S1 and S2, have current documentation of this certification. S1 stated the CPR training is already scheduled through Agenda For Children for certification with American Heart Association at the end of April (date unknown) for S1 and S2.

Corrective Action Plan: Effective 4/6/2021, S1 stated he will set a reminder to ensure they schedule the next training, prior to the expiration of the old one, to ensure they are not cited again in the future.
