Finding:

1713-A&B&C: Based on observations and interview: Children were not under supervision at all times as Specialist observed a class of 3 two year olds taking a nap with no adult supervision at 12:45 PM in classroom #3 (adjacent to the office). Specialist arrived at the facility at 12:30 PM on April 11, 2017. S1 escorted Specialist on a walk through of the facility; however, Specialist observed that classroom #3 had been skipped over. Specialist stated that she needed to observe the classroom. Specialist entered this class room and observed 3 two year olds sleeping. S1 stated that S8 had been supervising this classroom before leaving for her break at 12:30 PM. S1 stated that she was responsible for supervising the class while S8 was on break; however, upon entry into the facility, Specialist observed S1 seated in her office at her desk with no view of the children from her desk. S1 stated that she did not understand the nap time supervision regulations. Specialist explained Supervision requirements to S1 prior to departure. S8 returned to the facility at 1:00 PM and supervision was met prior to Specialist departure.
