

Statement of Deficiencies

2103.D.: Vehicle Staff

Not Met

2103.D.: Vehicle Staff

1. When transporting children under age 4, the driver and one staff person shall be in each contracted or center provided vehicle at all times.
2. When transporting children age 4 and older, the driver plus one staff member shall be in each contracted or center provided vehicle at all times, unless the vehicle has a communication device which allows the driver to contact emergency personnel, in which case only the driver is needed.
3. At least one staff member on the vehicle and accessible to children shall have current certification in infant and child CPR.

Finding:

2103.D.: Vehicle Staff: Based on record review: At 12:45pm, S2 did not have at least one staff member in the vehicle with current certification in infant and child CPR. Transportation logs documented S16 was the driver and only staff in a vehicle that transported two children, C1 (age 5) and C2 (age 7), thirty times from 3/1/2021 to 4/13/2021, and did not have a current certification in infant and child CPR. S16 completed the training and is certified in infant and child CPR as of 4/14/2021.

Corrective Action Plan: Effective 4/14/2021, S2 states she will ensure all staff who transport or ride in center vehicles have a current certification in infant and child CPR to ensure this deficiency is not recited.
