Finding:

1501-A Based on observations/interview(s): Center staff did not notify the Licensing Division prior to making changes that had an effect on the license as the provider is using space not designated as Licensed space as a classroom. Specialist observed that the cafeteria has been converted as a classroom and was in use as a classroom. S1 stated that this space was converted about a month ago. Specialist found that the Provider failed to submit a request to utilize this space as a classroom. S1 stated that she will correct.
