309-A.19.: Home Inspections

Not Met

309-A.19.: 19. Inspections. Allow inspection of the residence where care is provided by department staff and other authorized inspection personnel and parents of children in care, during normal working hours or when children are in care.

Finding:

309-A.19. Based on interview(s): The provider did not allow inspection of the residence where care is provided by Licensing Specialist, during normal working hours and when children are in care. Provider stated that she was closed for the day, due to an illness. However, Provider was holding one young child and Specialist could hear a second child crying in the background. Provider stated that Specialist could return the following week to complete the inspection.
