

Statement of Deficiencies

309-A.14.b.: Written Statement of Dissent from Parent

Not Met

309-A.14.b.: 14. Immunizations. Obtain satisfactory evidence of immunization against, or an immunization program in progress, for vaccine-preventable diseases for each child in care, according to the schedule approved by the Office of Public Health, Department of Health and Hospitals:
b. if the parent objects to the immunizations for any other reason, the parent shall provide a written statement of dissent.

Finding:

309-A.14.b. Based on record review/interview(s) on 4/23/2018, S1 does not have a written statement of dissent from the child's parent as S1 informed LS that C1's parent refused immunization for him and failed to provide S1 a written statement of dissent.
