

Statement of Deficiencies

1711-A-B-D-G: Child to Staff Ratio

Not Met

1711-A-B-D-G: A. Child to staff ratios are established to ensure the safety of all children.

B. Minimum child to staff ratios shall be met at all times.

1. There shall be a minimum of two staff members present at an early learning center when more than one child is present.
2. Only those staff members directly providing care, supervision or guidance to children shall be counted in the child to staff ratios.

D. Minimum Child to Staff Ratios for Type II and Type III centers:

| Ages of Children | Ratio |
|----------------------|-------|
| Infants under 1 year | 5:1 |
| 1 year | 7:1 |
| 2 years | 11:1 |
| 3 years | 13:1 |
| 4 years | 15:1 |
| 5 years | 19:1 |
| 6 years and up | 23:1 |

G. Mixed Age Groups - Minimum Child to Staff Ratios

1. An average of the child to staff ratios may be applied to mixed age groups of children ages 2, 3, 4 and 5
2. Child to staff ratios for children under age two are excluded from averaging.
3. When a mixed age group includes children younger than age two, the age of the youngest child determines the child to staff ratio for the group.
4. An average may be applied to a mixed age group consisting only of children ages 5 and older.

Finding:

1711-A-B-D-G Based on observations S1 failed to meet the required child to staff ratio for children of the following ages: children age infant - 1yr with 1 staff. The required ratio for children of this age is 5 children per 1 staff person.

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

Finding:

1723-A Based on record review S1 did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 0 of 3 staff had documentation of this certification.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review S1 did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. 0 of 3 staff had documentation of this certification.

1911-D: Awake Children

Not Met

1911-D: While awake, children shall not remain in a crib, baby bed, swing, high chair, carrier or playpen for more than 30 consecutive minutes.

Finding:

Statement of Deficiencies

1911-D Based on observations the specialist observed a 6 month old child in a swing for 45 consecutive minutes.

1911-E: Daily Reports for Infants

Not Met

1911-E: Daily Reports for Infants. Written reports that include the liquid intake, food intake, disposition, bowel movements and eating and sleeping patterns shall be given to the parents of infants on a daily basis. Reports shall be kept current throughout the day.

Finding:

1911-E Based on interview S1 lacked a daily written report for 4 of 4 infants.

1911-G: Pacifier Attached

Not Met

1911-G: Pacifiers attached to strings or ribbons shall not be placed around the neck or attached to the clothing of a child.

Finding:

1911-G Based on observations specialist observed a pacifier that was attached to strings or ribbons attached to the clothing of a child. Specialist informed staff that strings or ribbons could not be attached to the clothing of the child or around the neck of the child.

1919-A&B: Food Service and Nutrition - Menu

Not Met

1919-A&B: All meals and snacks provided by the center, and their preparation, service and storage, shall meet the requirements for meals of the U.S. Department of Agriculture (USDA) Child and Adult Care Food Program (CACFP) and 7 C.F.R. 226.20 and the Louisiana Sanitary Code, Title 51, Part XXIII, found at LAC 51:XXXIII. For the current CACFP meal patterns, contact the Louisiana Department of Education, Division of Nutrition Support.

The weekly menu shall:

1. be planned for each day of the week and list the specific food items served;
2. be prominently posted by the first day of each week and remain posted throughout the week; and
3. have substitutions or additions posted on or near the menu.

Finding:

1919-B Based on observation S1 failed to have a weekly menu posted.

1919-H: Infants Held While Bottle Fed

Not Met

1919-H: Infants that cannot hold a bottle shall be held while being bottle-fed. A child shall not be placed lying down on a mat or otherwise with a bottle, sippy cup, etc. A bottle shall not be propped at any time.

Finding:

1919-H Based on observations Specialist observed an infant with a propped bottle.
