License # -   15266
Action Code - 6 - FOLLOW-UP to ANNUAL SURVEY

Statement of Deficiencies

713.A.: Office of Public Health, State Fire, City Fire Approval   **Not Met**

713.A.: Annual licensing inspections by the department, current approvals by the Office of Public Health, Office of State Fire Marshal, and city fire (if applicable), and academic approval by the department (if type III center) shall be required before the expiration of an existing license. However, if a center has documentation establishing that the center requested an inspection by the Office of Public Health or the Office of State Fire Marshal prior to the expiration of the existing license, these approvals may be submitted to the department within 90 calendar days of the date of the license renewal.

Finding:

713.A. Based on record review: The Provider did not have documentation of a current approval by the Office of State Fire Marshal. S2 submitted documentation of the last fire inspection, dated 2/11/19 that included 4 deficiencies.

1723.A.&B.: CPR Certification   **Not Met**

1723.A.&B.: A.   Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.
B.   Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723.A: Based on record review/interview: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR through training approved by the department. The Specialist observed that 0 of 0 staff had documentation of this certification. S1, S2, & S4's CPR training expired on 1/7/19. S2 stated that staff has taken the training, but have not received the cards yet.

1723.C.: Pediatric First Aid   **Not Met**

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

Finding:

1723.C. Based on record review/interview: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid through training approved by the department. The Specialist observed that 0 of 0 staff had documentation of this certification. S1, S2, & S4's Pediatric First Aid training expired on 1/7/19. S2 stated that staff has taken the training, but have not received the cards yet.

1725.A.-C.: Medication Management Training   **Not Met**

1725.A.-C.: A.   All staff members who administer medication shall have medication administration training.
B.   Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.
C.   Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on record review:
The Specialist observed that the Provider did not have current documentation of training in medication administration completed with an approved Child Care Health Consultant for any staff, present or not present. Training is required every two years and the staff's training expired April 2018. S2 stated they had not completed the training yet.
