

Statement of Deficiencies

7373-C.1: Locked Harmful Substances and Equipment

Not Met

7373-C.1: Drugs, poisons, harmful chemicals, all products labeled "Keep out of the reach of children", equipment and tools shall be locked away from the children. Whether a cabinet or an entire room, the storage area must be locked.

Finding:

7373-C.1 Based on observations: Not all harmful chemicals, all products labeled "Keep out of the reach of children" were locked away from the children.

Findings Include:

*In the 1/2 yr old room specialist observed petroleum jelly and baby powder on a low shelf on the changing table and a cabinet that was unlocked and contained lysol spray. This was corrected while specialist was present in the center.

*In Room #7 (second floor) specialist observed a bottle of bleach cleaner sitting out on top of a cabinet by the sink. This was corrected while specialist was present in the center.

*In the girls's restroom on the second floor there is a closet that contains cleaning supplies such as disinfectant and mopping solution and it was not locked on today. This was corrected while specialist was present in the center.

7373-C.7: Clean of Hazards

Not Met

7373-C.7: The center and yard must be clean and free from hazards.

Finding:

7373-C.7 Based on observations: The center was not free from hazards.

Findings Include:

*On today in the 3/4/5 yr old room (Room #6 on the second floor) specialist observed a television set on top of a wooden tv cabinet which had wheels on it. This is a hazard because the tv cabinet could be tipped over if pushed on or the television could fall onto a child if pushed off the cabinet.
