

Statement of Deficiencies

1919-D.2: Food Service and Nutrition - Choking Hazards

Not Met

1919-D.2: Children under age 4 shall not have foods that are implicated in choking incidents. Examples of these foods include but are not limited to: whole hot dogs, hot dogs sliced in rounds, raw carrot rounds, whole grapes, hard candy, nuts, seeds, raw peas, hard pretzels, chips, peanuts, popcorn, marshmallows, spoonful of peanut butter, and chunks of meat larger than what can be swallowed whole.

Finding:

1919-D.2 Based on observations on 05/01/18 S1 allowed children under age 4 to be served Pub Mix (Honey mustard and cheddar cheese Twistix, honey roasted sesame chips, oriental rice crackers, pretzel stix, nacho cheese bagel chips, and Worcestershire rye chips) that are implicated in choking incidents. S1 was advised of this and she removed all of the Pub mix and replaced it with crackers.
