

## ***Statement of Deficiencies***

### **1909-G: Infant - Bibs**

**Not Met**

1909-G: Bibs shall not be worn by any child while asleep.

#### **Finding:**

1909-G Based on observations: S1 allowed a bib to be worn by two children while asleep. During the initial walk through of the center by the Specialist, the Specialist observed bibs on two sleeping infants. The infants were in a room with 4 staff members (S30, S29, S28 and S27) and a total of 12 infants ranging in age from 8 months to 12 months. S1 accompanied the Specialist during the walk through and was present when the sleeping infants were observed. This was corrected during the licensing visit.
