

Statement of Deficiencies

1507-A: Daily Attendance Records - Children

Not Met

1507-A: A daily attendance record for children shall be maintained that shall:

1. include the child's first and last name, arrival and departure times, and first and last name of person or entity to whom the child is released;
2. accurately reflect children on the center premises at any given time; and
3. be used to sign in and out if a child leaves and returns to the center during the day.

Finding:

1507-A Based on record review: Attendance record for children failed to accurately reflect the number of children on the premises on this date as evidenced by 78 children were signed in however 80 was in attendance.

1507-E: Daily Attendance Records - Visitors

Not Met

1507-E: A daily attendance record for all visitors to include the name, date of visit, arrival and departure times, and the purpose of the visit.

Finding:

1507-E Based on record review: Daily attendance record for visitors failed to be complete with time of departure on 8 days between 4/25/17 -5/9/17.

1711-K: Non-vehicular Excursions - Minimum Child to Staff Ratio

Not Met

1711-K: Non-vehicular Excursions - Minimum Child to Staff Ratios

1. Minimum child to staff ratio, plus one additional adult, shall be met for all non-vehicular excursions.
2. An adult staff member from the center shall be present with each group of children.
3. At no time shall a child or group of children be left alone without an adult staff member present unless the child is supervised by the child's parent or designated representative authorized in writing by the parent on the non-vehicular excursions.

Finding:

1711-K Based on record review: Records of non-vehicular excursions failed to show evidence of the one additional adult required to be in attendance after child staff ratio was met on 4/7/17 and 4/18/17.

1725-A.-D.: Medication Management Training

Not Met

1725-A.-D.: A. All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-A.-D. Based on record review: There failed to be evidence of at least two staff with current medication administration training as required.

1901-M: Strings and Cords

Not Met

1901-M: Strings and cords, including but not limited to those found on equipment, window coverings, televisions and radios, shall be inaccessible to children under age 4.

Finding:

1901-M Based on observations: Cord hanging within reach of children in crawling infant's room.
