Not Met

7331-N: A visual inspection of the vehicle is required to ensure that no child was left on the vehicle. A staff person shall physically walk through the vehicle and inspect all seat surfaces, under all seats, and in all enclosed spaces and recesses in the vehicle's interior. The staff conducting the visual check shall record the time of the visual check inspection and sign his or her full name, indicating that no child was left on the vehicle. For field trips, whether facility provided or contracted, the vehicle shall be checked and a face-to-name count conducted prior to leaving facility for destination, when destination is reached, before departing destination for return to facility, and upon return to facility. For daily transportation services, the vehicle shall be inspected at the completion of each trip/route prior to the staff person exiting the vehicle.

Finding:

7331-N Based on record review: For field trips, a face-to-name count was not conducted prior to leaving facility for destination, when destination is reached, before departing destination for return to facility, and upon return to facility to ensure that no child was left on the trip as evidenced by specialist observation of the field trip documentation log dated 4/30/15. Staff failed to conduct vehicle visual checks prior to leaving facility for destination, when destination was reached, before departing destination for return to facility, and upon return to facility.
