

## ***Statement of Deficiencies***

### **1501.A.: Operations**

**Not Met**

1501.A.: A center shall operate within the licensed capacity, age range, hours of operation and other specific services designated on its license.

#### **Finding:**

NEW 1501.A. Based on observations: S1 did not notify the Licensing Division prior to making changes to the licensed capacity as the Specialist observed 36 children present on 5/14/2019, however S1's licensed capacity is 35 children. S1 stated she normally counts the children to make sure she has only 35 children or less. S1 stated she has 40 children enrolled, but only 8 of 40 are part time. S1 was advised to lower the number of children enrolled to ensure that she stays within the licensed capacity for the center.
