

## Statement of Deficiencies

### 1507.A.: Daily Attendance Records - Children

Not Met

1507.A.: A daily attendance record for children shall be maintained that shall:

1. include the child's first and last name, arrival and departure times, and first and last name of person or entity to whom the child is released;
2. accurately reflect children on the center premises at any given time; and
3. be used to sign in and out if a child leaves and returns to the center during the day.

#### Finding:

1507.A. Based on record review on 5/15/2019, the center's daily attendance record for children did not accurately reflect the children on the child care premises at any given time as 95 children were present and 87 children were signed in on the log. 8 children in S3 and S4's class failed to be signed in. The sign in sheet was corrected prior to Specialist departure.

### 1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

#### Finding:

1723.A. Based on record review on 5/15/2019, S1 failed to have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, had current certification in infant and child CPR through training approved by the department. 3 of 14 staff had documentation of this certification.

### 1723.C.: Pediatric First Aid

Not Met

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

#### Finding:

1723.C. Based on record on 5/15/2019, S1 failed to have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, had current certification in Pediatric First Aid through training approved by the department. 3 of 14 staff had documentation of this certification.
