

## Statement of Deficiencies

### 1725-A.-D.: Medication Management Training

Not Met

- 1725-A.-D.: A. All staff members who administer medication shall have medication administration training.  
B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.  
C. Such training shall be completed every two years with an approved Child Care Health Consultant.  
D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

#### Finding:

1725-A.-D. Based on record review:  
Documentation of at least two staff members trained in medication administration whether the early learning center administers medication or not was not available for review. One staff member, S11, was trained in medication administration.

### 1921-C: Evacuation Pack

Not Met

1921-C: Evacuation Pack. The center shall have an evacuation pack, the location of which is known to all staff, that at a minimum shall contain:

1. a list of area emergency phone numbers;
2. a list of emergency contact information and emergency medical authorization for all enrolled children;
3. an emergency pick up form;
4. first aid supplies, hand sanitizer, wet wipes, and tissue;
5. diapers for children who are not toilet trained and plastic bags for diapers;
6. a battery powered flashlight and radio and batteries;
7. food for children under the age of 4, including infant food and formula; and
8. disposable cups and bottled water.

#### Finding:

1921-C Based on observations: Based on observations, the evacuation pack was incomplete. The evacuation pack did not include the following: emergency medical authorization for all enrolled children, battery powered radio and batteries, food for children under the age of 4, and bottled water.
