

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on record review: During Specialist's observation on 5/20/19, it was noted that 0 of 14 center staff were certified in medication administration. Per the regulation, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises, whether the center administers medication or not. S1 stated that center staff are scheduled to complete the required training course by the end of May 2019.
