

Statement of Deficiencies

1711.A.&B.&D.&G.: Child to Staff Ratio

Not Met

1711.A.&B.&D.&G.: A. Child to staff ratios are established to ensure the safety of all children.

B. Minimum child to staff ratios shall be met at all times.

1. There shall be a minimum of two staff members present at an early learning center when more than one child is present.
 2. Only those staff members directly providing care, supervision or guidance to children shall be counted in the child to staff ratios.
- D. Minimum Child to Staff Ratios for Type II and Type III centers:

Ages of Children	Ratio
Infants under 1 year	5:1
1 year	7:1
2 years	11:1
3 years	13:1
4 years	15:1
5 years	19:1
6 years and up	23:1

G. Mixed Age Groups - Minimum Child to Staff Ratios

1. An average of the child to staff ratios may be applied to mixed age groups of children ages 2, 3, 4 and 5
2. Child to staff ratios for children under age two are excluded from averaging.
3. When a mixed age group includes children younger than age two, the age of the youngest child determines the child to staff ratio for the group.
4. An average may be applied to a mixed age group consisting only of children ages 5 and older.

Finding:

1711.A.B.D.&G.: Based on observation/record review: The Provider failed to meet the required child to staff ratio for children as Specialist observed at arrival and walk through of the Center at 2:00pm, S2 was supervising eleven children age one to eight years old. The required child to staff ratio for children age one is 7 children per 1 staff person. S1 would need one additional staff person present in the classroom to be with in ratio as children under the age of two are excluded from averaging.
