#### Finding:

1919.A.&B: Based on observations/record review on 05/28/2019, the center's lunch failed to meet the requirements for meals of the USDA Child and Adult Care Program as evidenced by specialist observed S1 serving the children Meat Pizza, Corn, and Lemonade for lunch at 11:00 AM. S1 failed to serve an additional vegetable or fruit and milk. Per the center's menu, Meat Pizza, Corn, Applesauce, Jello, and Milk were to be served. Per S1's statement, the children did not drink the milk on 05/24/2019 so she did not offer it today. She also stated that she did not have applesauce or any other food to substitute the applesauce. This was not corrected prior to specialist departure.
