

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Medication Management Training: Based on record review at approximately 10:30am, the provider failed to have at least two staff members trained in medication administration whether the early learning center administers medication or not.

Corrective Action Plan: Effective today, S1 stated that the Medication Management class has been scheduled for June 7, 2021 at 5:45pm so that the deficiency is not recited. S1 stated this was the first available class they could get into .
