

Statement of Deficiencies

1901-C: End-of-Day Check

Not Met

1901-C: The entire center and play yard shall be checked after the last child departs to ensure that no child is left at the center and this check shall be documented. Documentation shall include date, time of visual check, and signature of the staff conducting the visual check.

Finding:

1901-C Based on record review/interview(s): Specialist review of Visual Check form at 1:40pm showed that S1 had already completed Visual Check form for the day and documented that the time of check was 5:35. S1 stated that she had filled the form in that morning so that she would not forget to document it when she performed the check.

1917-A: Medication Authorization

Not Met

1917-A: Written Authorization. No medication or special medical procedure shall be administered to a child unless authorized in writing by the parent. Such authorization shall include:

1. name of child;
2. drug name and strength;
3. date(s) to be administered;
4. directions for use, including the route (oral, topical), dosage, frequency, time and schedule and special instructions, if any. It is not acceptable to note "as indicated on bottle"; and
5. signature of parent and date of signature.

Finding:

1917-A Based on record review/interview(s): S1 did not obtain written authorization from the parent to administer medication to a child as C2 had medication at the center and a medication plan from the doctor, but no authorization from the parent.

1917-K: Emergency Medication Plan and Records

Not Met

1917-K: Emergency Medications

1. Children who require emergency medications, such as an EpiPen or Benadryl, shall have a written plan of action that shall be updated as changes occur or at least every six months, and shall include:
 - a. method of administration;
 - b. symptoms that indicate the need for the medication;
 - c. actions to take once symptoms occur;
 - d. description of how to use the medication; and e. signature of parent and date of signature.
2. Medication administration records for emergency medication shall be maintained and include the following:
 - a. symptoms that indicated the need for the medication;
 - b. actions taken once symptoms occurred;
 - c. description of how medication was administered;
 - d. signature of administering staff member; and
 - e. phone contact with the parent after administering emergency medication.

Finding:

1917-K Based on record review: The written Emergency Medication Plan of action for C1 was not updated at least every six months. C1's last authorization was dated 2/20/17.
